

ELY SPORTS DAY

The annual City of Ely Sports Day, which took place over the August Bank Holiday weekend each year, included some funny races! From dressing up as a donkey, playing bicycle musical chairs & even trying to catch a live pig - they were not normal sports day races! This half-term, plan a funny race you can play at home or at the park.

Think of a descriptive name for your race.

Races at the sports day were run by 3 different groups; married men, unmarried men and women. How will you decide who your race is for? Will it be for grown-ups or children, boys or girls or a different group?

How many laps of the field or your garden to they need to do?

What do the people in your race have to do? Try to think of 1 thing they need to wear and 1 thing they need to do.

How will the race be won? Is it the fastest person, the person who does the most laps or something else?

Will there be a special prize for winning your race? At the Ely Sports Day, prizes included medals, money, a new pair of boots & even cutlery!
