

The Body

Help the doctors and nurses at Ely's RAF Hospital to identify the different parts of the human body! Colour in below and point to them on your own body? Try turning it into a song like 'Heads, Shoulders, Knees and Toes'.

Identify & colour each major organ of the human body using these colours!

Lungs - pink

Large intestines - yellow

Small intestines - orange

Stomach - dark green

Brain - purple

Heart - red

Kidneys - dark blue

Liver - brown

Eyes - your eye colour!

Ears - light blue
